

Access Care Partners (ACP) is seeking a Registered Dietitian to support our community-based Nutrition Program serving older adults. This role combines nutrition counseling, education, menu planning, food safety oversight, and community outreach to help ensure high-quality nutrition services for program participants.

Key Responsibilities

- Provide nutrition counseling and education to older adults and program participants.
- Develop and review menus to ensure compliance with state and federal nutrition standards.
- Monitor food safety, sanitation, meal quality, and program compliance.
- Conduct site visits to meal programs, kitchens, and community locations.
- Deliver staff trainings on nutrition, food safety, and related topics.
- Collaborate with caterers, community partners, healthcare providers, and regulatory agencies.
- Prepare reports, nutritional analyses, and required program documentation.
- Support community outreach initiatives and special nutrition programs.

Apply Today- Make a positive difference in the community!
