Help Determine Community Health Priorities

Creating healthy communities requires collaboration with local residents. We need your input! Help us choose community health priorities by attending our Community Health Needs Assessment Community Forum. At the forum we will review health needs identified through research, determine community health issues, and identify strategies to improve health.

June 16, 5 - 7 pm
Northampton Senior Center
67 Conz Street Northampton, MA

5 – 5:30 pm: light supper
5:30 – 7 pm: program

- Introductory remarks and overview of the health assessment process
- Review of data including statistics, focus group and interview results
- Small group work to help establish priorities and possible strategies to improve health

Free, open to the public, and accessible by public transportation.
